

CONTACT ME

If you have questions or are interested in licensing an image, custom image sizes, business cards, postcards, folded cards, image restoration or photography work, the best way to contact me is through the email address on this website.

The prices on my website reflect the prices the same image sells for in a physical gallery. I cannot maintain my integrity with the galleries that carry my photography if I undercut them on my website. As it turns out I sell far more through galleries where people can see my work up close and personal. The website offers all of the same images you would find in a gallery as well as many more for which there is no room in a gallery. The website also allows me to share the work I love with a wider audience.

If you are in a gallery and see a framed photograph and would like to order it unframed (at a reduced cost) or in a smaller or larger (if available) size, have the gallery contact me. I will ship the print to the gallery and they will sell it to you. I make less because the gallery takes its commission but it actually costs you less because I pay the shipping when it goes to the gallery. This allows me to reward the galleries that carry my work and is a convenience to you as well. Once contacted I can usually have a print at the gallery ready to be picked up in less than a week.
